SKILLS

PROGRAMMING

- C++
- Object Oriented Programming
- Data Structures and Algorithms

DATABASE

- MySql

FAMILIAR

- Java
- Html
- Unix
- Git and Github
- Php

STRENGTH

- Enthusiastic
- Team player
- Open minded for learning

PROJECTS

RESORT BOOKING WEBSITE | FULL STACK PROJECT

- This website made by the purpose of booking the resort for stay and also for the various events, parties and programmes with the full facility provided at the premises.
- In this project I had integrated "Payment Gateway" using RazorPay API.
- A facility in websites enables the confirmation Mail and Booking number to the Client after the completion of Resort Booking.
- This Project is made by HTML, CSS, JAVASCRIPT, BOOTSTRAP, PHP AND MYSQL.

PORTFOLIO WEBSITE | FRONT-END PROJECT

- This website is made by HTML, CSS and BOOTSTRAP.
- This project is fully Responsive meaning that it was supported by all media devices.
- This project shows my skills set, Certificates and projects that will be used to improve the work in the Organization.
- The live link of the portfolio website:-

PHONEBOOK MANAGEMENT | IMPLEMENTING USING C++

- This is a simple CRUD Project for denoting PhoneBook using C++.
- It has Features like View Individual Contact, View All Contact, Add Contact, Add Contact, Delete Contact, Edit Contact etc.
- Used Doubly Linked List to store the details of particular contact.
- Implemented Selection sort Algorithm to sort the Contacts based on the names and also used Binary Search to implement search contact feature.
- Validated user input and provided appropriate feedback to the user in case of errors or invalid input.
- Collaborated with team members and stakeholders to ensure that the phoneBook project met the project requirements and specifications.

TRAINING / CERTIFICATION

- Training in C/C++ From Universal Informatics (Sep 2021 to Dec 2021).
- Certificate of C++ Basics From CodeChef.
- Certificate of C++ in problem Solving-1 From CodeChef.
- Training in Data Structure From College during 2nd year.

ACHIEVEMENTS

- Achieved 5 Star in C++ on HackerRank.
- Done 250+ Questions on Leetcode Platform.
- Done 350+ Questions on Geeksforgeeks Platform.
- Secured 2nd Position in Table Tennis in InterSchool Competition.
- Secured 1st Position in VolleyBall as a Captain of Red House in InterSchool Competition.

COMPUTER SUBJECTS

- Operating System.
- Computer Networks.
- Object Oriented Programming.
- Database Management System.
- Software Engineering.
